

File Upload, Voice Recording and Text Input

File Upload

The screenshot shows a presentation slide titled "Money raising" with a progress indicator "1 / 1" and buttons for "Browse tasks", "Save", "Submit", and "Quit". Below the slide is a text box containing the following text:

Good morning/afternoon, everybody. I'm going to talk about raising money for the English Club and what we should buy with the money raised.

Thank you. That's all I want to say.

Below the text box is an "Your answer: --" section with "Upload" and "Record" tabs. The "Upload" tab is active, showing a message: "File cannot exceed 15MB (only one file is allowed). Drag and drop files here or click to upload files." A "Choose File" button is circled in red, and a "Confirm Upload" button is also visible.

1. Click 'Choose File'.

This screenshot is similar to the previous one, showing the presentation slide and the "Your answer: --" section. However, a Windows File Explorer window is overlaid on the bottom right. The File Explorer shows the path "This PC > Documents > STAR file upload" and contains two files: "Money raising_Final" and "Money raising_trial". The "Money raising_Final" file is circled in red. The File Explorer's "File name" field shows "Money raising_Final" and the "Open" button is visible.

2. Select a file for upload.

You may use the following or your own words to begin and end your presentation.

Good morning/afternoon, everybody. I'm going to talk about raising money for the English Club and what we should buy with the money raised.

Thank you. That's all I want to say.

Your answer: --

Upload Record

File cannot exceed 15MB (only one file is allowed)

Drag and drop files here or click to upload files.

Choose File Mone...al.mp3

Confirm Upload

3. Click 'Confirm Upload'.

You may use the following or your own words to begin and end your presentation.

Good morning/afternoon, everybody. I'm going to talk about raising money for the English Club and what we should buy with the money raised.

Thank you. That's all I want to say.

Your answer: Money raising_final.mp3
